

## Hello from Outspan Inn – September 2009

By Now I hope you've all seen the new Outspan Inn website, [www.outspaninn.co.za](http://www.outspaninn.co.za) . I'm very pleased with all the different links, to Facebook, Flickr, the Daily Dispatch, weather, etc.

We kick started Spring with the annual Ladies Spring Breakfast. Spring was well and truly honoured with us all swapping plants and toasting the new season of growth with lots of champagne. The clivias are in bloom, and to us Port St Johnians, they really do herald spring.

August and September, being the best fishing season, have seen good catches of Spotted Grunter, Cob and some Garrick. The river is a lovely greeny blue, and is most picturesque with the boats bobbing up and down on it.

40lb Cob

Well hammered Rapala

Steve Black, on his epic Underberg to Knysna run, ran past us on Monday 6 Sept. Owen Saunders and his Merry Men stopped in for a quick breakfast on the first leg of their Trans Africa, East London to Stuttgart trip.

To end - we're so lucky to be living and working on the Wild Coast – hope to see you here soon!
